

Classical music **listings** and **news**
in and around **Portsmouth**,
Fareham, Gosport, Havant,
Petersfield, Chichester, Bognor
Regis, Midhurst and Petworth

A profile of Music in Portsmouth <http://musicinportsmouth.co.uk>

Music in Portsmouth (“MiP”) is a classical music listings website for Portsmouth and its surrounding area. The site provides details of concerts, performers and venues, and also has a news area.

MiP covers events over a wide area, in PO postcodes (excluding IOW) plus GU31 & GU32 (Petersfield) and GU28 (Petworth).

Around 55 performers, including venues which organise music events, are currently listed on the site.

From 2022 there will be a small charge to performers to help support the site.

MiP principally supports regularly recurring events (concerts and festivals) and it also advertises selected one-off events, whether these are in-person or online.

There’s the facility to subscribe to a bi-monthly email newsletter. A listings email is sent on the 5th and a news email is sent on the 20th of every month. Currently around 450 people or organisations receive this.

There’s a long-term diary (<http://musicinportsmouth.co.uk/long-term-diary>) which lists concerts into the next couple of years. Its principal purpose is to avoid clashes of repertoire and it is available to subscribers and non- subscribers alike.

A noticeboard (<http://musicinportsmouth.co.uk/noticeboard>) provides news about performers as well as previews and reviews of performances, and personal profiles. Items can be filtered by type. Subscribers are encouraged to submit content and images. There are links to performer/ concert pages on MiP as well as to external websites.

In tandem with this, performers are encouraged to be proactive with press activity and can request MiP to find someone who can review a concert.

All the above activities are supported by Twitter (<https://twitter.com/MusicPortsmouth>) and Instagram (<https://www.instagram.com/musicinportsmouth>).
