

Classical music **listings** and **news**
in and around **Portsmouth,**
Fareham, Gosport, Havant,
Petersfield, Chichester, Bognor
Regis, Midhurst and Petworth

A profile of Music in Portsmouth <http://musicinportsmouth.co.uk>

Music in Portsmouth (“MiP”) is a classical music listings website for Portsmouth and its surrounding area. The site provides details of concerts, performers and venues, and also provides news.

MiP covers events over a wide area, in PO postcodes (excluding IOW), plus GU28 (Petworth), GU29 (Midhurst) and GU31/GU32 (Petersfield).

Around 55 performing groups, including venues which organise music events, are currently listed on the site.

Performing groups are being asked to make a donation of £20 to help support the site in 2023.

MiP principally supports regularly recurring events (concerts and festivals) and it also advertises selected one-off events, whether these are in-person or online.

From the homepage, there’s the facility to subscribe to a monthly or bi-monthly email newsletter which covers both listings and news. Currently around 550 people or organisations receive this.

There’s a long-term diary (<http://musicinportsmouth.co.uk/long-term-diary>) which lists concerts into the next couple of years. Its principal purpose is to help avoid clashes of event and repertoire.

A noticeboard (<http://musicinportsmouth.co.uk/noticeboard>) provides news about performing groups as well as previews and reviews of performances. They also contain personal profiles - a nice way of promoting future events. Filters can be applied. Performing groups are encouraged to submit content and images. Within each post, there are links to performing group and concert pages on MiP as well as to external websites.

All the above activities are supported by Twitter (<https://twitter.com/MusicPortsmouth>) and Instagram (<https://www.instagram.com/musicinportsmouth>).
